

Once we have confirmation of the teams that have entered the competition we will determine the running order.

Assuming there are enough teams for 2 groups we will draw the teams into the groups, play the round robin matches for each group.

There will then be a play off for the plate (losers) and shield (winners).

The running order will be posted on this web page a couple of days before the event.

The planned start time will be 10:30 with proceedings finishing before 7pm.

If, as has happened in the past, a team fails to turn up the running order may change on the day.
